RCB COMMUNITY SERVICE FORGES AHEAD

The Rotary Club of Bombay (RCB) is celebrating its 90th year of service to the community. RCB, India's premier Rotary Club, came into existence on March 19, 1929. In its nine decades of service to humankind, RCB has contributed substantially to the community by supporting a number of educational, medical, environmental and vocational activities that have impacted lakhs of lives in and around Mumbai.

RCB's **Jal Jeevan** programme has provided hundreds of thousands of litres of safe drinking water. Water purification plants have been installed at neighbourhoods and schools where a need for safe and clean drinking

water was felt. Each such plant provides 10,000 litres of clean, safe and hygienic drinking water. This project has impacted more than 50,000 lives already. It plans to roll out the Jal Jeevan project to 80 villages in some of Maharashtra's most water-starved areas.

RCB has tied up with leading hospitals to sponsor **paediatric heart surgery** at zero cost to needy children.

Masina Hospital has been upgraded with orthopaedic, cardiac and ENT equipment for plastic and cosmetic surgery, movement disorders, endoscopy, digital CMRs, burns, paediatrics and neonatology facilities.

Additionally, there are several ongoing and emerging projects in areas such as medical centres for the poor, literacy, gender equality, urban heritage conservation, elder care, environmental and animal welfare.

Some of the head-lining long-term projects being done by the Rotary Club of Bombay are: **Phiroze Ratanshah Vakil Eye Centre, Ajit Deshpande Medical Centre, Cancer Aid, International Women's Association Clinic at Fort and RCB Cotton Green Medical Centre.**

Through its various projects RCB impacts the lives of over 1,50,000 people every year.

An exciting effort that has joined our family of projects is the **Light House Project**. An after-school programme, it provides educational support and guidance for children from standards KG to 4th, of the Bhai Bhandarkar Machimar Nagar fishing community, Cuffe Parade.

Lighthouse aims to empower underprivileged children with a combination of aural, visual, physical skills and, above all, a conducive social environment.

All this is made possible at the Centre through various activities like creative art and craft, drama, elocution, storytelling and yoga with dance.

ROTARY CORPORATE CRICKET CHALLENGER 2018 TAKES OFF WITH A FLYING START

The inaugural Rotary Corporate Cricket Challenger 2018 could not have had a better beginning with cricket enthusiast Sanjiv Mehta, Chairman and Managing Director Hindustan Unilever Limited launching the event along with President Vijay Jatia on Saturday, November 17, 2018 at the Western Railway Sports Ground, Mumbai.

Twelve leading corporate teams divided into four groups of three teams each participated for the top honours with matches being played on a league cum knock-out basis. The concept was enjoyed by the participants as they found it to be speedy, with fours and sixes being hammered out.

The format was a 7-a-side with a smaller boundary and seven overs in each innings. A batsman had to retire when his individual score reached 30 runs. Batsmen smashed the ball all over the ground. The matches saw nail-biting finishes as victory was often achieved at the very last ball. With each team being assured of a minimum of three matches, fearless cricket was played. Teams vied for the Champions cup, salver and Bowl.

DG Rtn. Shashikumar Sharma, Rotary District 3141 and PP. Rtn. Sandip Agarwalla of Rotary Club of Bombay and Head TRF and Public Image were the Guests of Honour and Chief Guest respectively and distributed prizes to the winners.

WINNERS – ROTARY CORPORATE CRICKET CHALLENGER 2018

CHAMPIONS CUP

Winner – WNS Global
Runner up – Edelweiss Mutual Fund
Player of the Championship – Ajinkya Patil (WNS Global)

SALVER

Winner – RBL
Runner up – New Globe Logistik
Player of the Championship – Ravi Parmar (RBL)

BOWL

Winner – Philip Capital
Runner up – Concept Communications
Player of the Championship – Satish Tak (Concept Communications)

"7-a-side is a short, sweet, exciting, one-hour match that really tests one's grit and stamina. The size of the field is smaller and only seven overs are allowed. So with seven gladiators per side, it's a do or die situation; each run counts and it is fast! It is great that corporate teams have come forward because, generally, it is difficult for people to take time out. To do so any way – well, it's like fulfilling one's inner dream of being a cricketer."

Rtn. Sanjiv Saran Mehra, CEO and Founder of Saran Presents Pvt. Ltd. (Saran Sports)

"Not all corporates know how active Rotary is in the space of community service. We are an extremely well-run organisation with strict governance norms. Whatever money we collect from corporates goes maximum to the beneficiaries. Everyone loves playing cricket so if corporates can get together and have fun organised by Rotary, while playing for a cause, there can be no better motivation: charity!"

PP. Rtn. Sandip Agarwalla of Rotary Club of Bombay and Head TRF & Public Image

"Being born and brought up in Mumbai, this is a wonderful experience; I have never seen a ground like this. The concept behind this tournament is to bring CSR funds to the Rotary platform and get associated with that in larger interest and get service to mankind. Rotary is doing a lot of work but it is not percolating down the line, we are not attracting much funding from corporates which is the main objective of this event."

DG. Rtn. DG Shashikumar Sharma, Rotary District 3141

ARCH KLUMPH MEMBERS OF ROTARY CLUB OF BOMBAY***Rajashree Birla******Amit Chandra******Manoj Israni******Arvind and Rashmi Jolly******Ajay Piramal******Dilip and Shalini Piramal******Arvind Poddar******Ratan N. Tata*****GET A MOVE ON, SAYS TUESDAY'S SPEAKER DR. MURTUZA RANGWALA**

In an era of information overload, it is possible to surprise people with new detail. And, if that byte of fact concerns health, a hall full of people will even sit up and listen to you. This is good for their posture anyway and so, fittingly, Tuesday's speaker Dr. Murtuza Rangwala captured everyone's attention by peppering his talk with demonstrations.

A physiotherapist, Dr. Rangwala specialises in orthopaedic and neurological rehabilitation. He has worked as a physiotherapist for athletes in cricket, hockey, rugby, tennis and karate. Dr. Rangwala keeps himself updated with all the new techniques and concepts being constantly developed. He also conducts corporate fitness programs as well as school fitness programs and various free physiotherapy camps.

Footwear, he said in his talk, caused half of all knee pains. So, it was necessary to choose the right foot wear for one's self. There have been many published testimonials from people with chronic knee and ankle pain who made seemingly miraculous recoveries after they switched to shoes that were better for them. While on that subject, heels were a definite no-no for women, Dr. Rangwala stressed, and the only exception to that rule was platform heels.

Gravity does not favour heels, he added.

Moving on up, an ideal posture for the back and neck was one that strained one's muscles the least. Maintaining a bad posture for more than 35 to 40 minutes could cause weak and over-stretched muscles that resulted in acute or chronic pain.

Dr. Rangwala did not mince words when he compared the ill effects of sitting for more than an hour to being the same as smoking. It is posture that decided a person's cardiovascular health, weight, blood circulation as well as made one prone to Type II diabetes. In order to avoid this, he suggested, taking a break

from sitting or typing for 30 minutes or more by walking or relaxing the muscles. Aerobic and breathing exercises were the best, he said.

While the Rotarians were changing postures as and when Dr. Rangwala spoke about correct form, he also pointed out the difference that can be made by paying attention to office ergonomics. The right types of chairs, he said, with a proper and straight alignment of knees and hips as well as the monitored and guided use of Swiss balls at work would help de-stress muscles.

For golfers, good technique was emphasised upon as were a good coach, a warm-up before and cool-down after to be in tune with the play at hand.

It was but natural that his talk would evoke many questions. If a profession involved continuous bending of the back or neck, asked a Rotarian, what was the solution? Dr. Rangwala suggested a short five to 10-minute exercise every two hours. He advised 10-minute exercises rather than a one-hour exercise to allow people's engagement with it to continue. With so many specific pieces of advice that they could work upon, Rotarians could not help but be moved.

Next week: LT. GEN. ATA HASNAIN

Through most of his 40-year illustrious career, Lt. Gen. Ata Hasnain has served in turbulent environments and hot spots. On July 13, 2018, the President of India appointed Lt. Gen. Hasnain as the Chancellor of the Central University of Kashmir. Lt. Gen. Hasnain has six decorations awarded by the President of India and two by the Army Chief.
