

President's Message

Dear Friends,

I would like to thank Rtn. Biswajit Chakaraborty for all the help he extended towards the Christmas brunch; our heartfelt gratitude to the hosts who made this celebration possible. Around 120 members attended the party, our last fellowship of 2018, and it was marvellous to see the turn-out. Our gratitude to Rtn. Suresh Agarwal for the annual CCI Christmas party which he has been sponsoring for the BY / Night Study Centre kids for eight years now.

We begin the new year with fresh energy. I am pleased to introduce you to our newest Rotarian, Anand Mahindra, Chairman of the Mahindra Group.

In another great start to 2019, the Public Awards Committee is presenting awards to various individuals for outstanding work. Professor M M Sharma, our speaker for the day, is one of the recipients who will be honoured today. The Sohrab Godrej Award for Science & Technology will be conferred upon him for his pioneering work in the field of Chemical Engineering.

Let us all be inspired by such dedicated individuals who strive to make the world a better place.

Thank You
Rtn. Vijay Jatia,
President

Vijay Jatia

Guardians of the city

The onus to have a conscience falls upon architects, to do what is right for the environment around them

Architect Brinda Somaya's name stands at the forefront of leaders from her profession who work in synergy with the environment. Her philosophy – the architect's role is that of a guardian, the conscience of the built and unbuilt environment – explains her approach to projects taken up by her. Somaya has worked in all kinds of landscapes and all levels of man-made development, from tribal and rural areas to urban ones.

Her talk to the Rotary Club of Bombay was started off with her work in Mumbai's

Fort area in general and Bombay House in particular. Somaya quoted sociologist Jane Jacobs, explaining the survival of the city as meaning one which was walk-able, had pavements and public places with a balance of old and new architecture; in addition, commercial diversity was required too. She took RCB members on a visual treat of her works in the Fort area which is replete with British-era structures.

Somaya has worked on the restoration of various heritage structures in Fort: TCS house, Yacht Club, Rajabai Tower, St Thomas Cathedral and Kodak House among them.

SPEAKER FOR JANUARY 15, 2019:

Anand Mahindra, *Chairman of Mahindra Group*

Rtn. Tarjani Vakil, Kunti Oza and Rtn. Sanjiv Saran Mehra

Rtn. Deepak Kapadia, Rtn. Manish Sampat and Rtn. Pradeep Gujrathi

Continued from Page 1

She said, “Sustainable is not to have a glass box and then air-condition it”.

Her recent restoration of Bombay House, head office of the Tata Group, was a fascinating journey, she said. It was designed by Scottish architect George Wittet which had not been restored in its 94 years. Presently, it houses four offices – those of Tata Power, Tata Steel, Tata Chemicals and Tata Sons.

Somaya restored Bombay House from scratch as no work had been done on it and as it was a working office, completion of the project was a race against time. The entire project was completed within seven months including the conceptual planning stage.

The rigorous discipline she applied in

selecting the renovation of each floor resulted in each floor having its own importance. Somaya said that it was amusing to see how the technology had taken over everything. For example, the entire conference room was controlled and functioned with a single tablet. The windows were changed with the approval of Heritage Committee in order to reduce noise pollution from outside.

Aesthetically pleasing lounges were created to help young employees interact among themselves as well as the elder generations. Each floor showed the idea or belief of the employees in the company. One important feature of this restoration was that the interiors were all decorated by Indian artworks and by Indian craftsmen which maintained the Indian heritage of the building.

Her guiding inspiration was the words of

Rtn. Mahesh Khubchandani, Rtn. Sanjiv Saran Mehra, Rtn. Harry Singh Arora and Rtn. Isharaq Contractor

Jamsetji Tata himself: “What advances a nation or community is not so much to prop up its weakest and the most helpless members, as to lift the best and most gifted so as to make them of the greatest service to the country.”

Rtn. Natasha Treasurywala, PP Rtn. Sonia Mehta, Rtn. Framroze Mehta, Rtn. Arin Master and PP Rtn. (Dr.) Rumi Jehangir

Rtn. Naresh Jain, Rtn. Tarjani Vakil and PP Rtn. Kalpani Munshi

Rtn. Suresh Agarwal becomes Santa

This is Rtn. Suresh Agarwal's 8th year of hosting a Christmas carnival at CCI for underprivileged children

Over 2,500 under-privileged children enjoyed the Christmas Carnival splash thrown by Rtn. Suresh Agarwal at the CCI Club, Churchgate, this year. Not only was he generous in his sponsorship of this party, he also spent time with the kids.

The mega Christmas Carnival is an annual party that Rtn. Agarwal has been hosting for seven consecutive years. Back by popular demand, 2018 is his eighth year.

Held over three days from December 21 to 23, the Christmas party was attended by 100 street children from Salaam Baalak, more than 1,200 students from the Lighthouse, all our five Bhavishya Yaan BMC schools and some from the Night Study Centres too.

The children spent the morning jumping in the moonwalker, enjoying various rides and dancing to Bollywood tunes being played through the music system. Free popcorn and candy floss were available at the food stalls throughout the duration of the party. At the end,

each child was given a snack box by the organisers.

Rtn. Suresh Agarwal also gave each child a return gift of a colourful school bag with a pencil box, books, a tiffin, a water bottle and packets of crayons.

Christmas Fellowship 2018

The annual Christmas fellowship was held on December 16 at Artisan at the Sofitel Hotel. It was a fun-filled, breezy Sunday brunch with over 160 members and their partners, attending and enjoying the jazz music, wine and delicious food. An added attraction was the al fresco dining while relaxing in lovely cabanas and enjoying foot massages!

President Vijay Jatia thanked the fellowship committee for organising this fabulous fellowship as well as the gracious hosts Abhishek

Sharman, Charu Agrawal, Christopher Bluemel, Jaymin Jhaveri, Joseph Koshy, Mudit Jain, Paul George, Raj Ajmera, Sabira Merchant, Sherebanu Baldiwal, S V Prasad, Sunny Pariyaram and Vrinda Rajgarhia.

A special word of appreciation for Biswajit Chakraborty who extended the hotel's full support for this special brunch. All those who attended had a lovely afternoon full of Christmas cheer and went home with a Poinsettia plant and Christmas cookies.

TIME TO TEE OFF

Highly anticipated 12th Annual Golf Tournament coming up soon

Like in the last several years, the Sports Committee plans to continue with the motto of spreading goodwill and fellowship through sports.

What started off as a challenge on the greens of the US Club in south Bombay in 2008 has flourished and blossomed into a full-blown tree which is now known as the Annual Golf Tournament of the Rotary Club of Bombay. It attracts all the talents in the Club and has also led to quiet inquiries about participation from non-members.

Though the first event had attracted a modest 17 players, by the time the sixth edition was played in January, 2013, their number had doubled to 32, of varying age groups from 10-70. This event has become one of the flagship events in our Rotary calendar and participants and members of the club look forward to this tournament every year. We are pleased to inform you that this will be the twelfth year, since the tournament started in 2008.

And all thanks to Moy Biswas, the de facto chief of all sporting activities of the Rotary Club of Bombay who has gone to great lengths to make the event such a resounding success. Working quietly

behind the scenes, the family and the office staff of Moy have also played a significant role in the growth of the tournament.

In the year 2010, the Biswas family instituted a specially-designed golf trophy from Singapore, which is a rotating trophy awarded to the winner of the annual tournament.

The preparatory work started 12 months in advance on the twelfth edition of the contest, which is scheduled to be held on the greens of the Willingdon Sports Club on Saturday, January 12, 2019. The first tee-off will be at 9 am.

President Vijay Jatia will begin this tournament by a ceremonial tee off at 8.55 am. The post-tournament prize distribution ceremony including a fellowship attracts even more members, most of them being non-golfers, and out-numbering the participants and including several Past and future Presidents. This year the award ceremony and fellowship will be held at the popular 'Cabbage Patch' of Willingdon Sports Club from 1.30 pm onwards when President Vijay Jatia will present awards to the winners and

Hosts Rtn. Ian Pinto and his wife Blossom with President Vijay Jatia

Assimilation dinner

The Rotary Club of Bombay had its fourth Assimilation dinner on December 9, 2018 at Rtn. Ian and Blossom Pinto's beautifully done residence. The evening began at 8.30 pm with a number of old and new members in attendance. To keep in the spirit of Christmas, the Pinto residence was decorated in a lovely Christmas

theme. The evening began with a few rounds of cocktails and *hors d'oeuvre*, followed by a sumptuous dinner. Members played the piano throughout the evening with others singing Christmas carols. A wonderful Assimilation event that we hope will be replicated in spirit through the year.

BY at the Cathedral & John Connon school

Fifty-two Bhavishya Yaan students visited the Cathedral & John Connon School on December 15, 2018, for a 4C conference spearheaded by the Interact Club, the 4Cs being Care, Compassion, Collaboration and Commitment. This year's conference aimed to bring together the Interact Club members and Bhavishya Yaan children thanks to the kindness of Mrs. Isaacs – Principal of Cathedral and Mrs. Shukla – teacher in charge of Interact.

The conference started with the BY children being served breakfast, after which neurologist Dr. Anaita Hegde gave the kids a very interesting talk on brain development. Dr. Hegde explained the do's and don'ts for brain development in children. Her talk was followed by a number of interesting questions put forth by the kids, each of which was answered patiently by her.

A number of educational activities were planned for the Cathedral School children. There were activities based on English, Mathematics, Science, Sports and Art but the one the children enjoyed the most was basketball!

The activities were followed by a session with blind students from St Xavier's College accompanied by a gentleman named Krishna. The session involved blindfolding everyone and making them move around to make us all empathise with the blind and realise what life is like for them.

The session ended with a super lunch of *dosas*, *idlis*, *medu vadas* and *kulfi* much to the delight of all the kids. After lunch, the children visited the senior school where they watched the rehearsal of the cathedral show 'Encore'. The children thoroughly enjoyed the music. Thank you Cathedral & John Connon School!

Ananda Yaan celebrates New Year's eve

We thank Rtr Mehak Mehta, Rtr Palak Shah, Rtr Simran Lodha and Rotaract Club of H.R. College for celebrating Christmas and New Year's eve with senior citizens and their grandchildren at newly-opened Dr E Moses Road centre of Ananda Yaan. Thank you Rtn. Chris for arranging fruits and juice for everyone. Members enjoyed the game of Housie and

winning pouches and New Year diaries as gifts.

After Housie, members were put into smaller groups and the Rotaractors helped them make New Year greeting cards for their grandchildren. They had done art and colouring after years and enjoyed the same. The fun morning ended with music and dance.

conservation drive**

Tata Power celebrates New Year and Christmas with Ananda Yaan

Tata Power employees organised SARAGAM, a musical evening, with 10 musicians and 10 volunteers from their company, at our Byculla Anand Yaan centre. A good quality sound system was set up by Tata Power with professional musicians entertaining the elders. The members were encouraged to participate by making requests of their favourite songs which the musicians sang for them. It was an evening which will stay with them forever.

God's Best Kept Secret Odisha!

S V Prasad recounts the fellowship to Odisha

We, the 18 Odisha Juggernauts, embarked on our journey on December 3, 2018. After landing in Bhubaneswar, we drove straight to the Lord Jagannath Temple Town, Puri, a 40 km drive away. In Puri, we took a green tour on cycle rickshaws to the Old Town, ending with a quick visit to the home of Sant Kabir.

At the Temple, the priest took us around all the important sights in the temple, including the main *Garbhagriha* of Lord Jagannath with His Brother Balabhadra and Sister Subhadra, perhaps the only temple with all the three statues made of wood and not stone or metal.

The next day was action-packed. First, a visit to a quaint, little village with skilful locals using eco-friendly material, parchments etc. We then went to another village where we were treated to a wonderful recital of the traditional Gotipua Dance performed by men dressed as women.

After a nice, local cuisine lunch and a short siesta, we were off to Konark, 40 km away, to see the ruins of the famous Sun Temple, designed in the shape of the Sun God's chariot. After a quick look at the sand art exhibition on the beach, we witnessed two lovely dance recitals of the traditional Assamese dance and the Odissi dance, the latter led by an Indophile from Italy. This was at the Annual Konark Dance Festival with the temple in the background giving it a surreal feel and experience.

On the December 5, we were off early in the morning to Chilka Lake, first by bus and then by motor boat, where we had a fleeting *darshan* of dolphins.

The next day, in the morning, we were treated to the sights of a number of migratory birds in another part of Chilka lake – herons, kingfishers, cormorants, brahmini ducks and many more.

Our caravan left for Bhubaneswar the next day, climbing up the rock-cut Udayagiri and Khandagiri Jain caves

Culture, sports and world-class heritage, Odisha has everything to offer and more

en route, carved during the second century BCE, after stopping at a village with traditional textiles as its main occupation. After lunch, we went to Dhauli hills, where the Kalinga War is said to have taken place in 262 BCE.

A few of us witnessed a thrilling World Cup hockey match in a magnificent stadium. The hassle-free entry, the spotlessly clean walkway, comfy seats made us feel proud as Indians.

On December 8, we went to see the magnificent 11th century Lingaraj Temple. What's unique is the main

Garbhagriha has the presence of both Lords Shiva and Vishnu with their respective consorts in the form of a combination of a Shiva Linga and Shaligram signifying Vishnu. After *darshan* at a few other temples there, and in the nearby Mukteswar, Siddheshwar and Parushurameshvara temples, we left for the airport.

The Oriyas are simple, nice people who are hospitality personified. The varied sights, cleanliness, well-maintained roads all meant that Odisha is truly "God's Best Kept Secret" – the tag line used by the Odisha Government.

Sadhu Vaswani Mission celebrates Christmas with Lighthouse

On December 13, Poonam Malani and her team from Sadhu Vaswani Mission Colaba visited the Lighthouse class from 4 to 6 pm to spread the message of love and harmony. Around 120 students from kindergarten to class 4 attended the session. A few mothers from the community were also invited to attend along with their children. Ms. Neha, a teacher of Fort Convent School, organised a few games to break the ice. She was impressed with the set-up and initiative and offered to volunteer with Lighthouse regularly. This will bring new ideas to Lighthouse.

Mr. Rakesh accompanied the children on the guitar while they sang Christmas carols, popular nursery rhymes and Bollywood children's hits. Ms. Malani told the children about Sadhu Vaswani and his Mission and urged the mothers to avail of

the free/ concessional education and health facilities offered at their schools and hospitals. At the end, each child was gifted a hamper containing a colouring book, crayons and nutritious snacks. It was an enjoyable evening for all. Ms. Malani appreciated the format of this platform being provided to children where others could also contribute towards their welfare.

Special mention

The Rotary Club of Bombay will confer the speaker of the day, Professor M M Sharma, with the Sohrab Godrej Award for Science & Technology, for his pioneering work in the field of Chemical Engineering, his path-breaking efforts in which UDCT got autonomy of UGC, and his innovative studies and contributions to Science & Technology. Prof. Man Mohan Sharma is amongst the world's foremost experts in chemical engineering. He has dedicated his life to the fields of chemical science, engineering and technology.

HR collegians treat the underprivileged

Around 150 students from the Rotaract Club of HR College, Churchgate visited orphanages and schools for differently abled students and institutes for underprivileged children during Christmas vacation.

Around 200 children were then taken to a Christmas-themed party at Phoenix Market City, Kurla, where they were treated to a music and magic show.

Riyansh Vanigodda, a student, said, "Christmas is a festival of joy. So, we decided to spread joy. We played Santa Claus to the underprivileged children so that even they had something to be happy about".

Dental check-up by the Rotaract

The primary children of Bhavishya Yaan (G K Marg, BMC School) and Lighthouse (Child Welfare Committee) had a dental check-up by the Rotaract Club of Government Dental College on December 14, 2018.

A dentist, a team of 10 interns and students interacted with the children to understand their past experiences with tooth aches, causes of tooth decay and how they can be avoided. The session was interactive and presentations and videos were shown. They demonstrated and taught the correct brushing technique in a Follow the Leader game format. A diagnostic camp was conducted for the children and tooth brushes were distributed to them. In all, it was informative and fun.

Interns: Rtr Shreyakalyani Panikker, Rtr Radhika Kherdekar, Rtr Rohit Vora, Rtr Ayushi Tibrewal, Hera Havewala, Taterao Jadhav and students: Rtr Siddhant Thorat, Rtr Siddhi Bhatawadekar, Rtr Shivani Puri, Rtr Apurva Marsale thanked Rotarian Murad Currawala (Chairman, Rotaract Committee) for this opportunity. Shreya, President of Rotaract club of Government Dental College, said, "Our team had a great time interacting with the children who were really smart, active and quick to respond. We received full support from the teachers and everything was very well organised. Both the schools are very well maintained. Kudos to RCB!"
