RCBMEETING

NOTE FROM PRESIDENT SHERNAZ VAKIL

WELCOME THE SATELLITE CLUB OF RCB

Last week, our very own Rotarian, Dr. Indu Shahani spoke to us about her tryst with the young and eager and her connection with three generations, from baby boomers through millennials to Gen Z.

She spoke how Gen Z were responsible trustworthy and reliable, inspite of their air of over-confidence and studied indifference.

I have always believed that the young shape our future and it is important to enlist them into any project to get a fresh and uncomplicated perspective.

It is therefore with great excitement and joy that I am pleased to announce that we have 15 young members joining us as part of the RCB Satellite Club.

Thanks to the efforts of PP Nowroze Vazifdar and PP Nandan Damani, we have a group of young enthusiasts who will bring passion and untainted compassion to our initiatives.

They will bring their Metaverse and teach us the wonders of Blockchain and AI and virtual reality and transform our world.

Rotary needs the young to rejuvenate and enliven itself.

It can no longer be a stagnant organisation.

We should do everything to keep it relevant and alive and there is no better way than to enlist the young.

With their optimism and energy, they will bring a fresh perspective to some of our well-worn projects.

Welcome, Satellite Club of RCB!

~ President Shernaz Vakil

01. LAST
02. TUESDAY'S
22. SPEAKER

RTN. DR. INDU SHAHANI, FOUNDING PRESIDENT &
CHANCELLOR OF ATLAS SKILLTECH UNIVERSITY ON
WHETHER UNIVERSITIES ARE LISTENING TO GEN Z

The formation of the ATLAS SkillTech University began in February 2020 when I was invited to be on the skills committee of the Government of Maharashtra. **A skill tech university is where a core discipline is taught with technological intervention and increasing the skills of a person.**

So, skill-tech is an amalgamation of knowledge, skills and technology and focussed on skills-led education. These are new-age skills' education. **We have five schools under the university: Design & Innovation, Management & Entrepreneurship, Media & Communication, Film & Animation, and Digital Technology that will start next year.**

We are in BKC, a campus within corporates. I wanted to be in Mumbai; **we wanted to be the first urban university surrounded by corporates** so that when my students graduate, they just cross the road to join any of these companies and sectors. We are fortunate to find an exclusive campus with an open amphitheatre, sporting facilities, outdoor hangouts, learning studios, digital labs, prototyping labs, and a café that attracts them the most. It is all ready to go and this is how our classes are where we bring Board members to the classroom. Soon, Rotarians will also come and speak to my students.

Of course, our academic approach is very different to the normal approach. In 1996, Dr. Manmohan Singh had said to me, "Quality will come to education when students demand it but are we allowing our students to demand it? Are we listening to our students?" Yes, we are,

because all our curriculum is co-created with students. **The students sit on the board of studies and not just faculty.** They decide their elective and more than that we have support from apprenticeship, internships and I will also request Rotarians to come forward with internships and observerships so that they can get experience early in life and understand the practical approach.

Today, it is more about being a generalist than specialist. They want to be multi-disciplinary, trans-disciplinary. We are also co-creating a curriculum with leading universities. The design school is in partnership with Parsons and we are fortunate that they have continued to be our curriculum co-ordinator. Vancouver Film School has joined hands for our film and animation; this is not an acting school; it is film production. Kings College, London; LSE; Columbia University and Berkeley have all joined hands with us for programmes and international linkages.

Our first batch of 913 students has true diversity. **I can't tell you how amazing it is to have 50 per cent students from Maharashtra and the rest from 22 states of India.** I never thought I would be able to get someone from Meghalaya, Jammu and Kashmir and it is amazing to see the diversity and intellectual capital they bring.

LIGHTHOUSE KIDS PLAY COMMUNITY HELPERS

Community helpers play an important part in keeping us happy, healthy and safe. To highlight their contribution to society, the K.G. students of Rotary Club of Bombay's Lighthouse Project were given the opportunity to enact roles of community helpers on January 31st, 2022. From soldiers and commandos to vegetable vendors, tailors and barbers, all types of workers were represented. But it was the confident manner and clear speech of the little ones that won the hearts of listeners. The event, though virtual, furthered the Lighthouse Project's aim of helping children develop their language skills.

TECH CARE FOR SENIORS

Our Rotaractors have launched 2022 with a bang, starting a new initiative called, **What the Tech.**

It's an online workshop for our senior citizens to make them familiar with today's must know digital apps (Ola, PayTM, Swiggy, Instagram, YouTube, Amazon, Zoom)

It will be a two-hour workshop with one break, on February 13th, 2022 (Sunday).

Venue: Zoom

Price: Rs. 150/- (via bank transfer)

All proceeds from this workshop would be used for upcoming Rotaract projects.

Request to spread the word and get maximum registrations for the Rotaract Club. For any inquiries,

please message 7045719199 Rtr. Aashna Sahil Mehra. The link to register for the workshop is bit.ly/3qmTqVw

Rotaract Chronicles

RCISME FEEDS STRAYS

Hungry Paws is an annual project by Team RCISME to help and feed stray animals in our localities.

The project began on December 12th, 2022, with a webinar by Ms. Chandini, an animal activist. The hour-long session was an insightful look at how to achieve our goal.

On December 16th, 2022, the team collaborated with famed dog feeder 'Stray Dog Feeder Malad' for a feeding drive in Malad at 7 am. We fed more than a hundred animals in the two-hour drive.

This being a major social media initiative, the project was well documented and, throughout the week, we received videos from our members of them feeding stray animals, to be compiled and posted on our social media.

RCHR ORGANISES VACCINE DRIVE

On January 21st, 2022, the Rotaract Club Of H.R. College and National Service Scheme took a step towards change by organising a vaccination drive. Over a hundred people including students and staff availed of the opportunity to get vaccinated free of cost. Our Rotaractors got great encouragement via the press coverage that the event garnered.
