ROTARY**

7th August, 2022

Those We Serve

IN MY FIRST ADDRESS TO THE MEMBERS OF OUR CLUB I had pointed out that one of the failures that we see very often in our civic response is our unwillingness and our inability to see others as we see ourselves. How do we overcome this incapacity to perceive the needs of others as sharply as we perceive our own?

**I PROPOSE THAT WE
OPERATIONALISE THE "EMPTY CHAIR" CONCEPT.**

Customer facing organisations are obsessed with the principle of customer centricity. They design their products, service channels and almost all aspects of their business model by keeping their customers at the centre as they consider them to be their key stakeholders.

For Rotary, our communities are our principal stakeholders. How do we ensure that our services and projects are responding to their need gaps? Jeff Bezos, Founder CEO of Amazon Inc, started placing an empty chair, which represents the customer, in every meeting. The visual representation of an empty chair allotted to the customer, which must always have a voice in the room, has been one of the management principles that has kept Amazon ahead of its competition.

Let us begin the experiment of placing an empty chair during the deliberations and discussions in RCB that relate to our service projects. **LET US DEVISE WAYS SO THAT WE FEEL THE PRESENCE OF THE BENEFICIARIES FOR WHOM WE PLAN PROJECTS.** So that we are aligned to their needs, so that we get obsessed about making them stand on their own feet and start listening to their voices when we are not delivering on our promises. Such a circular approach to project planning, on-ground delivery and ongoing project review will offer an auto-course correction.

YOUTH LEADER AGNISHWAR JAYPRAKASH, FOUNDER & MD, GARUDA AEROSPACE INDIA PVT. LTD.

How many of you know drones apart from what you see at the weddings and events? Those are just remote-control toys, according to me, **NO DISRESPECT. BUT DOES ANYONE KNOW WHAT A DRONE IS?**

I am the founder and CEO of Garuda Aerospace. We have about 400 drones spread over 26 cities in the country. **WE ARE THE MOST VALUABLE DRONE START-UP AT ABOUT 200-250 MILLION DOLLARS.**

Throughout Covid, the one thing unaffected was that we ate three meals a day. That's agriculture for you. Regardless of a pandemic, markets, recession, agriculture has

always been agnostic. But not many care about the struggles these farmers go through to provide the food that we eat today. That was the founding motivation for me.

I HAVE HAD THE UNIQUE OPPORTUNITY TO KICKSTART A GREEN REVOLUTION 2.0 UTILISING DRONES. Advanced and autonomous, robust drones enabled with 4G and 5G, equipped with AI and machine learning which can disrupt two major multi-billion sectors - precision agriculture and industry 4.0 upgradation.

The goal was to figure out and understand the depths, lengths, and breadth where this disruptive technology can lead us to and how you can utilise this technology and galvanise youth and create a new revolution in our country. We started to fit drones with probes, magnetometers, sensors, different sprayers, etc

Texting or talking?
Texting.

What is the most rewarding advice you have ever got?
You are horrible and you have to get better.

Who gave it to you, if I may ask?
A person I hate the most - that motivates me.

So, you must be surrounding yourself with haters?
Yes, that is the best way. Keep enemies closer.

When are you most productive?
During the nights.

What was the last song that you downloaded?
Tamil song of Vikram.

What is something new happening in your life right now?
I am enjoying giving back to

and we were capturing data and executing work in different ways.

That was just the beginning. We wanted to use drones for variety of other things including deliveries. Recently, Swiggy partnered with us in Bangalore.

WE ARE WORKING WITH AIRBUS TO MONITOR AIRCRAFTS; we are working with Tata Projects and with smart cities and municipal corporations, the survey of India, NHI, mapping, and so on.

society in a ginormous way.

Invisibility or super strength?
Super strength

If you could go back in time, what year would you like to go to?
I'd like to go in the future.

How many years from now?
A few moments before my soul leaves the body because I'd want to know if I fulfilled whatever I had planned.

THE FUTURE IS A COMBINATION OF TECHNOLOGY AND YOUTH, and this is the unique solution that I would like to give back. **WE NEED YOUNGSTERS WHO ARE SELF-SUSTAINING TECHNOCRATS,** going back to the villages and enhancing that ecosystem. That is what our goal is.

Advice you'd give your younger self?
Stay patient, you are definitely going to be great. You are going to be lovely.

What does a person need to be happy?
Happiness is a state of mind; you have to understand that.

Do you have a collection of anything?
I do. It's a pin collection from my swimming days when I used to collect pins from India and then all the countries I travelled to. So, I have about 120 different pins. And, also, I have a collection of my medals. My mom has made a trophy room in our house.

What is success to you?
Impact; if you are able to impact one million people's lives positively, that's my idea of success.

It is up to people like us to be the change that we want to see in the world. It is high time we realise that **WE ARE NOT POWERLESS.** Every single person has power in their own capacity.

HERE, AT ROTARY, YOU HAVE SOMETHING MORE VALUABLE THAN YOUR MONEY AND THAT IS YOUR EXPERIENCE. Help our country by spending time with these youngsters. You have seen the world and they would significantly benefit from your inputs and advisory consultation.

LAST WEEK @TAJ

TIME TO RESET: KALINA BIODIVERSITY PARK

ROTARY CLUB OF BOMBAY IS HELPING IN THE CONSERVATION OF BIODIVERSITY with the creation of a biodiversity park on the Mumbai University campus at Kalina.

A biodiversity park is one of the innovative and positive approaches to promote the conservation of natural resources in an urban matrix. The term biodiversity (from "biological diversity") refers to the variety of life on Earth at all its levels.

Therefore protection and conservation of biodiversity is not only a matter of just emotions or aesthetics but it is very important for humans as well as the entire ecosystem.

The main objective of such kind of park is to conserve the biodiversity of the specific area and to maintain and enhance the genetic stock available therein.

Hence, Rotary Club of Bombay has recreated self-sustaining ecosystems, with inclusion of the following: Pollinators pathway, Miyawaki forest which includes almost 2500 native trees and shrubs, urban bird habitat, butterfly garden, bamboo grove, sensory spaces, water body spread across 18,000 sq ft, thriving aquatic eco systems, art installation, meditation space, open amphitheatre and much more.

SITARRY NIGHT

The Rotary Club of Bombay plays a significant role in the urban heritage conservation of Mumbai and the preservation of its legacy through its Urban Heritage Committee (UHC). To raise funds for these projects, we are hosting our first event amongst many on August 12th, 2022.

Rhythm of the Rains celebrates the 75th year of India's Independence with 75 tunes in a 90-minute concert at the iconic Durbar Hall, Asiatic Society. Led by

renowned sitarist Pandit Chandrashekhar Phanse, 25 sitarists, will regale us with tunes tracing the life, joys, and ebbs of our country from 1947 to 2022.

The programme will commence with a short alap in Raga Desh followed by Vande Mataram and a bandish in Raga Desh

by the orchestra. We will also have the privilege of enjoying the auspicious Raga Hamsadhwani, Raga Durga, Raga Kirwani, and patriotic songs such as Sare Jahaan Se Accha, Maa Tujhe Salaam, and the National Anthem. In addition, Panditji will perform patriotic songs on his 'Singing Sitar'.

In the Khed Taluka of Pune District lies the village of Ambu. Home to over 1000 rural citizens, the village remains remote and in need. Over 200 families live here, and their primary occupation is farming. However, a lack of accessible perennial water leads to rain-fed agriculture being the only income for many. The village also faces frequent load shedding and lack of affordability for conventional power.

The following implementations have been initiated to bring about a 360 degree rural transformation in Ambu:

- Solar lamps to 219 families
- A 7.5HP solar pumping

system to enable lift irrigation from the dam and distribute water across acres of farmland.

- A 2HP solar pumping system in the well, pulling water to the centre of the village.
- A Filtration unit will purify

INAUGURATION OF ROTARY CLUB OF BOMBAY'S 360-DEGREE TRANSFORMATION OF AMBU VILLAGE POWERED BY SOLAR ENERGY

that water, providing pure and clean drinking water for over 1000 villagers.

- 350W Solar system for the ZP Primary School that provides access to lights, a fan, and an electrical output.

- 60W Solar system for the ICDS that provides access to lights, a fan, and an electrical output.

- 10 strategically placed streetlights to ensure safety and security.

Programme highlights are: visits to the irrigation panel site powered by solar energy, the drinking water panel site, the filtration system, the school and anganwadi for a plaque unveiling, and finally an interaction with villagers at their community space for Independence Day festivities, snacks and refreshments. The entire visit, weather permitting, shall take approximately 1.5 hours.

Rotary
Club of Bombay

DISTRICT 3141

RHYTHM OF INDIA

Urban Heritage Committee of Rotary Club of Bombay invites you to celebrate India's platinum jubilee with 25 sitarists from all over the world, led by sitarist

Pandit Chandrashekhar Phanse

75 tunes tracing the life, joys and ebbs of our country from 1947 to 2022. A unique event, to be witnessed only by a select audience of **75 distinguished Mumbaikars**

Date: Friday, 12th August | **Time:** 7pm to 8.30pm

Venue: Durbar Hall, Asiatic Society of Mumbai (Town Hall)

Donor Pass available @₹5000.

For Registration & Payment, please contact: Ms Rashmi Kotian +91 9769140141 (Rotary Office).

(Proceeds from the concert will be used for Urban Heritage Conservation)

Saal Mubarak!

The Fellowship Committee has planned a wonderful and fun evening for Parsi Nite on Friday, August 19th, 2022, from 7.30 pm onwards. It is being held at the beautiful 150 year old Allbless Baug, a traditional Parsi venue and hosted by several of our Parsi Rotarians.

SO COME DRESSED IN YOUR FINEST PARSİ ATTIRE TO CELEBRATE PARSİ NEW YEAR

and enjoy an evening filled with music, drinks and dance. The highlight will be an authentic Parsi bhonu especially curated for our members.

Please RSVP Rashmi at the Rotary office at the earliest.

RCHC plays a word game with BY kids

Team Partners-In-Service of the Rotaract Club of Hinduja College conducted its first event of the year for Bhavisha Yaan students. A Word Game was played by the kids of GK Marg Municipal School on July 23rd, 2022.

Word games assess vocabulary knowledge and the ability to apply it effectively. This particular exercise had kids breaking a big word into smaller words. The student with the most words won a prize. No one went home empty handed. Each student received stationery at the end. The Rotaract Committee and Bhavishya Yaan committee of RCB thank Rtr. Medhaa Asnani, Rtr. Rashika Jain and Rtr. Palin Rathor for organising this Saturday morning.

Rotary Club of Bombay thanks donors Jay Majithia Vision Stationery (Ahmedabad) for donating 200 notebooks and Dharma Bharti Mission (Mumbai) for donating 600 notebooks to students of the GK Marg Municipal School enrolled in our project Bhavishya Yaan and tribal children from the Vaidu community.

Salaam Baalak says thank you!

Rotary Club of Bombay's Child Welfare Committee supports nutrition for street children of NGO Salaam Baalak Trust. They have sent a thank you note to RCB:

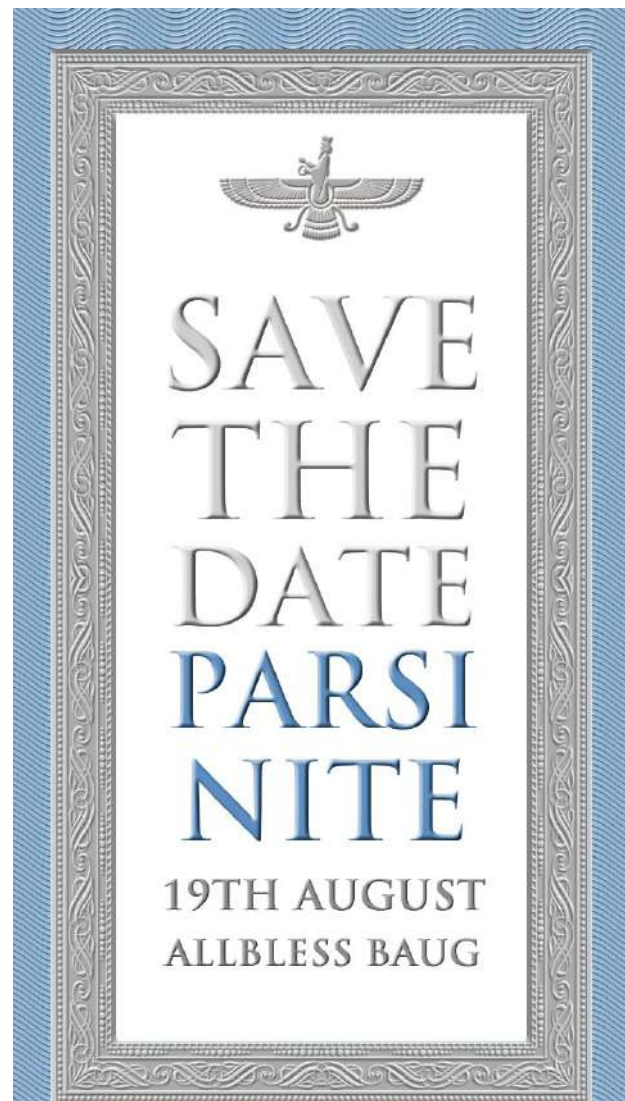

Salaam Baalak Trust provides holistic development support to street and homeless children. Our Charni Road centre provides nutrition, education and health services to children living on the streets of Mumbai. Being on the street, the children and their families are dependent on wages, therefore it is difficult for them to have daily and continuous food support. Nutrition is a key area of focus for us at SBT.

We believe that this nurtures the children mentally and physically. Their weak economic background hinders access to nutritious food.

With the support of the Rotary Club of Bombay, SBT has been providing nutritious mid-day meals to more than 50 kids at the Charni Road Centre. This support ensures that they are physically and mentally fit to excel. Mealtime is not just about nutrition but about a sense of togetherness. Your contribution has been invaluable in helping these children not to face any disruptions in their education.

We would like to thank the Rotary Club of Bombay for organising the mid-day meal support for our children.

Vaidu women learning...

...doing yoga,

eating nutritious meals,

bonding together.

Becoming star students

(LEFT) Surekha Somesh Bharkud is a wood-cutter and does seasonal jobs. Her husband is jobless and he drinks. She is victim of domestic violence. But Surekha plays a positive leadership role in her community. She is honest, and asks questions without fear. She wants to learn more and also be able to teach her children.

(LEFT) Vaibhavi Shirke is adaptive, resilient, and accepting of feedback from others. She has a positive leadership role in her community and actively participates in conversation. She has the ability to help others and is consistent despite her work as a housemaid. Her enthusiasm motivates others to be part of adult literacy classes.

ADULT LITERACY AND ALCOHOL ERADICATION PROGRAMMES FOR VAIDU COMMUNITY

AFTER THE OPENING EVENT OF RCB'S ALCOHOL ERADICATION PROGRAMME FOR THE VAIDU COMMUNITY

on July 13th, 2022, daily classes began with Anum Foundation volunteers present at the centres from 2 to 4 pm from Monday to Friday, at both Jogeshwari and Marol centres.

Also present were volunteers from Alcohol Anonymous, AL ANON FAMILY GROUPS, Holy Family AGF, and Jeevan Jyoti AFG who visited the centre to motivate groups from the community. The timetable for men is 6 to 8 pm and for women timetable is from 3 to 4 pm.

The Vaidu community thanks Rotary Club of Bombay and Rotary Club of Addiction Prevention. Without your support this wonderful initiative would not have happened. Our sincere gratitude to the volunteers from Alcohol Anonymous, AL ANON FAMILY GROUPS, Holy Family AGF, and Jeevan Jyoti AFG, who have dedicated their time.

Thyrocare
offers the following services to Rotarians of Dist.3141 and their partners.

1st Package can be offered to all primary members and 2nd package can be extended to their partners as well.

Package 1	Package 2
