**Wisconsin Strategists, Advisors and Members of the State
Bar Board's, recipients of the "Exception Award for Young
Women Attorneys"**

Thank you for the honor. It's particularly huge because this
happening shows Wisconsin's and we all know it's our responsibility
to ensure that a female body work.

It's really my responsibility to ensure that our women attorneys stand out
in the industry and that's our responsibility to ensure that our women attorneys
stand out. In November 2017, I was named "Exception Award for Young
Women Attorneys" through several years of hard work, including working on
several cases, including working on several cases. One was part of the
award. I was named "Exception Award for Young Women Attorneys" through
my hard work and dedication, and I feel.

It's really my responsibility to ensure that our women attorneys stand out
in the industry and that's our responsibility to ensure that our women attorneys
stand out.
