**Club Assembly** at Babubhai Chinai Hall, IMC Churchgate.

*Mr. Yashasvi Yadav, Additional Director General of Police, Maharashtra Cyber Department and Dr. Sheetal Gagrani, founder of Brush of Hope on **Cyber shield: Protecting your digital world. Click smart, stay secure.***

**Dr. Sheetal Gagrani, Founder, Brush of Hope**

Good afternoon, everyone. Firstly, thank you to the Rotary Club of Bombay for inviting me to this Cyber Shield session, and also for the wonderful work that you all, kind souls, do in serving communities across so many causes.

Cutting straight to the course, we live in an era where our lives are deeply intertwined with the digital world. Our children study, communicate, express, and even define their identities online. But with this connectivity comes a darker reality: the rise of cyberbullying, sextortion, and online abuse. Unlike physical bullying, there are no visible bruises, only silent suffering. And if we don't acknowledge it now, it could become one of the most serious social epidemics of our time.

My niece, Swara, was a doctor and a COVID warrior. She was a bright and joyful young

**Mr. Yashasvi Yadav, ADG of Police, Maharashtra Cyber Department**

A very good afternoon to all the ladies and gentlemen present here. When Mrs. Deora came to me requesting this presentation, I had only one request for her: call as many people as possible, because cyber awareness is the best defence against cybercrime.

Cybercrime is looming large, as we just heard in the poignant tale of Swara from Mrs. Gagrani. Cyber awareness could have saved her life. This presentation, therefore, can save lives, money, and reputations.

A few days ago, Mr. Akshay Kumar attended our police function and recounted a story similar to Swara's. His own daughter was subjected to sextortion. However, they handled it privately, and the case was never reported. That means the cybercriminal is still somewhere in cyberspace, trying to

girl whose laughter could light up a room. But in the digital world, she faced cruelty — the kind that hides behind anonymity. We didn't know anything about what was happening. She became a victim of cyberbullying and sextortion. Despite being surrounded by love, she felt trapped and alone. We lost her to that darkness.

That pain became the purpose behind Brush of Hope—to give victims of cyberbullying a voice, support, and guidance. Swara was a gifted painter, and she used to paint a lot of hopeful artwork during the time she was tormented. I would like to share something very close to my heart—a documentary by NDTV that highlights the larger issue of cybercrimes in our country, both financial and non-financial. It also features a small part of my story, Swara's story, showing the devastating impact of cyberbullying and reminding us of that compassion and timely action are essential.

As I mentioned, Swara was a doctor. On March 15<sup>th</sup>, her NEET-PG results came, and she did very badly. We were consoling her, saying that it was just an exam and not the end of the world. And on the 20<sup>th</sup>, she left us. After she left us, I saw a strip of lithium in her room, and I thought that perhaps... we had the worst experience of our lives. It was a case of cyberbullying and sextortion. It was a dark case — a series of fake accounts, fake IP addresses. The perpetrator was an educated person, doing an MBA from a prestigious institution, yet committing such a crime.

As I often say, a crime is a crime, regardless of who commits it. India is, unfortunately, becoming the sextortion capital of the world.

These are our raw wounds laid bare before you, and from them Brush of Hope was born.

At Brush of Hope, we bridge the gap between awareness and action. We connect victims with counsellors and legal advisors, ensuring that no one faces this trauma alone. Our helpline — 022-653-66666 — is the heart of our initiative: a safe and confidential space where everyone can reach out for help or simply to be heard.

The Brush of Hope call centre was launched on March 7<sup>th</sup>, 2025 under the able guidance of Mr. Yadav. Many of you witnessed the launch of our helpline number then. I repeat — 022-653-66666.

At the Brush of Hope call centre, we function on the ethos of empathy from the very beginning. Every call is answered by trained psychotherapists who know how to communicate with care.

Since the launch of the helpline, the impact has been remarkable. We have connected with over 4,500 individuals, handle around 13 calls daily, and have successfully resolved 43 critical cases, including two FIRs and 12 cases of police intervention.

Our school and college awareness programmes have reached over 20,000 students, teaching digital empathy and online safety. These sessions are conducted by my co-founder, Rupal Kanakia, in collaboration with Maharashtra Cyber, under the leadership of Shri Yashasvi Yadav. Together, we ensure timely and holistic support, combining emotional, digital, and legal assistance...

scam, attack, or exploit netizens — and that is the real worry.

I also want to tell you that cybercrime today is the numero uno organised crime syndicate in the world — nothing else comes close. You might think of narco-trafficking or films like Narcos, but they are not even in competition. Cybercriminals are laughing their way to the bank. Why? Because we, the so-called elite and educated section of society, are still not fully aware of cybercrime.

To make this interactive, I'll ask a few questions. Are you aware of the Cosmos Bank Heist? How many of you have heard of it? Only one or two? About ₹100 crores were siphoned off by criminals with just a click. Imagine if a gang of armed robbers stormed a bank physically with guns or AK-47s — the government would fall, and officers like us would lose our jobs. But in the cyber world, this happens regularly, with impunity and little awareness.

Let me give you another example. All of you must have nice smartphones — Samsung, iPhone 16, etc. Do you know how many features a modern supercomputer-based phone has? About 1,11,000. Yet, as netizens, we use on average only 50 to 60 features — almost negligible utilisation of the supercomputer in our palms. This large, dark, unexplored area is being exploited by cybercriminals.

Today, I'll show you two demonstrations. The first is about deepfake videos. Who's the volunteer? Oh, she doesn't even know! With just a few seconds of work, the video will be transformed — she will be made to speak anything, with perfect lip-syncing and other realistic effects. This is what we call a deepfake video, and it is troubling law enforcement agencies a lot. Recently, we had a case involving actress Rashmika Mandanna, where a fake, obscene video was circulated. It was a deepfake, and when we issued her a certificate verifying that, it provided her some relief.

The second demonstration will be even more interesting — live hacking of a phone. Any volunteers? Ah, we have one. Can you please give us your phone for a few seconds? You're a brave man, I must say. This is just a demonstration to show how dangerous it is to hand over your phone to anyone, even for a few seconds. Criminals can take your phone briefly — maybe for 10 seconds — and gain access to all your private information.

Now, let me talk about a malware called Pegasus. I'm sure most of you have heard about it. It's one of the most dangerous, sophisticated, and expensive malware programmes ever created. Why? Because it's a zero-click malware. That means you receive a missed call, and without doing anything, the virus gets attached to your phone. Everything — your photographs, messages, WhatsApp, FaceTime — gets copied to the criminal's system.

How much does it cost? Around Rs. 8 crore. So, if your private data is worth ₹8 crore, then you're under threat — provided someone manages to procure it from Israel, where it's made. However, a one-click malware (which activates when the victim clicks on a link, photo, or message) is available for free. Yes — free of cost. So please, don't be careless. Don't click on unwanted links or attachments...

## SATELLITE CLUB: A DAY OF INSPIRATION AT THE KGSS SCHOOL

On October 11<sup>th</sup>, 2025, members of the Rotary Club of Bombay Satellite spent an inspiring afternoon at the Kudilal Govindram Seksaria Sarvodaya School, as part of our ongoing commitment to the Girl Child Education Project. The visit offered a unique opportunity to connect directly with the children whose futures we aim to empower & better understand the positive changes our efforts can bring.

Upon arrival, we were warmly welcomed by the students & faculty. The programme began with a delightful array of poetry recitations, heartfelt songs & cultural performances: a genuine showcase of talent, confidence & spirit fostered at the school. Each presentation reflected the vibrant learning environment & the remarkable work of the teachers.

After the performances, the faculty enthusiastically guided us through a tour of the campus. We explored the Computer Lab & Science Lab, where young minds eagerly demonstrated their skills, as well as the classrooms that serve as the heart of their daily learning.

The experience reaffirmed the importance of our mission: enabling access to quality education for every girl child. Our upcoming donations will directly support facilities, resources & opportunities, making a lasting impact on the KGSS community.

Our time at KGSS was a powerful reminder that investing in education is an investment in hope, possibility & the future. As Rotary members, we are proud to help shape brighter tomorrows – one child at a time.

Guest speaker ADG Yashasvi Yadav, PDG & ARRFC Sandip Agarwala and President Bimal Mehta

Rtn. Rina Deora, Rtn. Nandini Sampat and President Bimal Mehta

Rtn. Robin Fernandes, Rtn. Siddharth Bhimrajka and Rtn. Abhishek Saraf

# SERVICE TAKES ROOT: ROTARACT CLUB OF IHM MUMBAI OFFICIALLY CHARTERED AND INAUGURATED

Mumbai, October 11<sup>th</sup>, 2025 — A significant addition to the city's service and academic landscape was formally established as the Rotaract Club of IHM Mumbai received its charter and celebrated its inauguration in a distinguished ceremony. Operating under the guiding philosophy, *'Where Every Smile is a Service,'* the event marked the club's official entry into Rotary International.

The function was held in the presence of esteemed guest of honour RCB President Rtn. Bimal Mehta, and dignitaries RCB Hon. Secy. Rtn. Farhat Jamal; Rtn. Pankaj Phatadphod, District Rotaract Chair; Rtr. Yashwardhan Chauhan, District Rotaract Representative; Rtr. Hrishikesh Solanki, District Executive Committee; and Rtr. Samrudh Dave and Rtr. Hashmita Karkera, ZRRRs representing the District and Zonal Rotaract Clubs, underscoring the broad support and mentorship extended to the new club by the larger Rotary community.

The core of the ceremony centred on the formal transfer of authority and commitment. Proceedings commenced with the official presentation of the club's charter certificate, affirming its recognised status.

This was immediately followed by the collaring of the inaugural President, Rtr. Raunak Agrawal, a time-honoured tradition that officially invested him with the responsibility of leading the club. The installation continued with the formal induction of the Core Team and the Board of Directors, who took a solemn oath to execute the club's administrative duties and uphold its service mandates throughout the formative year.

The new club used this platform to unveil its inaugural theme, which will serve as the philosophical and actionable blueprint for its service-oriented initiatives in the coming year.

In a move to foster unity and promote the club's identity, the merchandise line was officially launched. This collection is intended to strengthen

member camaraderie and support future outreach projects.

With the resounding endorsement and presence of the broader Rotary network, the Rotaract Club of IHM Mumbai is now fully equipped to commence its work. The chartering ceremony was not merely an official recognition but a powerful affirmation of the members' shared commitment to purposeful action and the enduring values of "Service Above Self."

The club is set to become a vital platform within IHM Mumbai for developing leadership, fostering professional collaboration, and generating impactful community engagement.

You are cordially invited to the

# MUSIC AND MERRIMENT AT ANANDA YAAN

On October 11<sup>th</sup>, a group of 14 enthusiastic singers gave the members of Ananda Yaan E. Moses Road Centre an opportunity to experience the joy of music. The two-hour session brought the underprivileged elders to their feet, dancing to the tunes of popular Bollywood songs.

Among the Rotarians present were Kaushal Mehta (Chairman), Alok Sekhsaria, Madhusudan Daga, Charu Agrawal, PE Manish Reshamwala, Swati Jajodia, PP Ramesh Narayan, and others. Rtn. Alok Sekhsaria addressed the gathering and fondly recalled how the concept of the elder care centres was launched in 2017.

Ananda Yaan, or Mission to Happiness, now operates three centres – Byculla, Mazgaon, and E. Moses Road – serving as a shining example of community service. The afternoon concluded on a delightful note with a delicious South Indian lunch from the award-winning Mumbai Murugan, leaving everyone with smiles and music in their hearts.

## BY STUDENTS VISIT THE MUSEUM OF SOLUTIONS (MUSO)

The visit to the Museum of Solutions (MuSo) – an interactive learning space designed to inspire curiosity, creativity, and problem-solving among children – was a truly enriching experience for the Bhavishya Yaan students. Thoughtful arrangements, including lunch for the children and teachers, made the day even more special.

The students thoroughly enjoyed exploring the engaging labs and participating in hands-on experiments such as water pollution studies and pulley models. The AI session emerged as a clear favourite, offering a simple yet impactful introduction to artificial intelligence and its real-world applications.

A heartfelt thank-you was extended to Mr. Kaif, Ms. Vrushali Dhok, and the entire MuSo team for their warmth and effort in making this visit so memorable. It was truly a day filled with learning, fun, and inspiration for the Bhavishya Yaan children, leaving them eager to explore and discover more.

## DIYA PAINTING CELEBRATION AT BY NMJ SCHOOL

The Diya Painting Activity, held on Tuesday, October 14<sup>th</sup>, 2025, at BY NMJ School, saw enthusiastic participation from students of Class 5<sup>th</sup> to 7<sup>th</sup>. The festive season brings with it a vibrant spirit and a lot of excitement among the students. After the joy of celebrating Navratri with Garba, students eagerly look forward to Diwali – the festival of lights. In the weeks leading up to Diwali, schools are abuzz with creativity, and one of the most awaited activities during this time is Diya painting. Students love

expressing their artistic talents and adding colour to the plain earthen lamps, transforming them into beautiful decorative pieces. Every year, students request for some time to be dedicated to Diya painting. It was decided that on Tuesday, a special session would be held during the BY timing, with a good number of students taking part. Teachers ensured that creativity, cultural learning, tradition, and hands-on art skills were successfully fostered, making the event joyful and memorable.

# BLOOD BANK DONATION AT BVC

The Blood Bank storage facility at BPSCA, Bombay Veterinary College, was donated by Rtn. Tara Deshpande at the Parel premises of the hospital. With this machine, blood can be refrigerated, stored, and given to animals when they require it. A big shoutout to Tara (a real star) for her munificent donation. People having pets can now avail the facility of getting blood transfusions, thanks to her generosity.

The blood bank storage machine was inaugurated by President Bimal Mehta in the presence of Rtn. Tara Deshpande, Rtn. Ptn. Malti & Rtn. Mudit Jain, along with Dr. Gaikwad of the Animal Hospital and his team of doctors and medical students.

This thoughtful contribution will support critical care for animals in need and marks a significant step in improving veterinary medical facilities. Three cheers for Tara, whose kindness and compassion will benefit countless pets and their families, making a meaningful difference through Rotary service.

# IMPACTING LIVES AT THE COTTON GREEN DISPENSARY

## *My Experience with Rotary Club of Bombay – Cotton Green Dispensary*

Hello everyone,

*I am Manishadevi Vijaybahadur Patel, a proud alumna of the Bhavishya Yaan Program (2015–2016) by the Rotary Club of Bombay. I completed my schooling at Colaba Municipal secondary school, Colaba, Mumbai – 400005.*

*Currently, I am working with the Oscar Foundation as an associate in the monitoring & evaluation team, and I am also pursuing my Master's in social work (second year). As part of my fieldwork requirement, I had the opportunity to join the Rotary Club of Bombay and contribute to their initiatives at the Cotton Green dispensary.*

*I began my fieldwork on July 15<sup>th</sup>, 2025, visiting the dispensary every Tuesday and Friday. My role involved collecting feedback from patients and assisting them in creating Ayushman cards. I also helped create Ayushman cards for the dispensary employees, ensuring that they too could benefit from the scheme. It was truly a wonderful experience working with such dedicated and compassionate people.*

*Interacting with patients was one of the most rewarding parts of my journey. They were open, kind, and welcoming — many shared their personal stories and experiences with me. I was deeply touched by their warmth and gratitude. During my time there, I successfully created 110 Ayushman cards, collected over 40 patient feedbacks, documented case studies, and even recorded videos capturing their experiences.*

*The patients expressed great satisfaction with the services provided by the Cotton Green Dispensary. Hearing their appreciation made me realize how impactful community service can be. It truly felt like giving back to society in the most meaningful way.*

*My last working day was initially September 5<sup>th</sup>, 2025, but when patients heard I was leaving, many asked me, “Why are you going?” and “Please don’t go.” Their heartfelt words moved me deeply, so I decided to extend my stay until September 12<sup>th</sup>, 2025. Before leaving, I told them they could always reach out to Shilpa di if they ever needed my help with any documentation, and I would be glad to assist.*

*This experience has given me beautiful memories and valuable learnings that I will always carry with me. Meeting the patients, doctors, and team members was truly enriching. I am immensely grateful to the Rotary Club of Bombay for giving me this wonderful opportunity to serve, learn, and grow.*

*A special thank you to Arun sir for all his guidance and constant support throughout this journey — your encouragement truly made this experience even more meaningful.*

**Thank you so much!**

**Warm regards,**

**Manishadevi Vijaybahadur Patel**

# A MORNING AT KALINA BIODIVERSITY PARK

On Saturday October 18<sup>th</sup>, morning, twenty-five Rotarians, along with their children, gathered for a truly memorable morning at the Kalina Biodiversity Park – an oasis that the Club has created amidst a concrete jungle.

The serene pond, home to turtles and large catfish, delighted the children, who thoroughly enjoyed feeding them. Butterflies flitted gracefully among the flowering plants, and dragonflies filled the air. Many remarked how the lush greenery created an ambience unlike anywhere else in the city – cool, tranquil, and utterly refreshing.

After cheerful greetings and introductions, members and guests gathered for a scrumptious breakfast spread. The conversation and laughter over breakfast reflected the warmth of Rotary fellowship – old friends reconnecting, new friendships forming, and everyone

united by a shared appreciation for nature's beauty.

The group was taken on a guided walk around the park, taking in the diverse zones – from the Peace Grove and Sensory Garden, which drew much admiration, to the flourishing Miyawaki plantation and bamboo grove.

Among the attendees was our distinguished guest from HDFC, who joined in the walk and conversation. The presence of young children added a delightful energy to the morning.

It was a morning that blended fellowship and nature – a perfect reflection of Rotary spirit.

The Kalina Biodiversity Park continues to stand as a shining example of how commitment and care can transform urban spaces into havens of biodiversity and peace. This memorable morning will long be remembered as a celebration of that vision and of Rotary's commitment to nurturing nature and peace.

# GUIDED WALKTHROUGH

**SATURDAY, 8TH NOV 2025 | 4:00 PM**

Dr. Bhau Daji Lad Museum and Art Deco Alive! present **Ocean Drive to Marine: Mapping a Century of Deco | Miami Beach-Mumbai (1925-2025).**

## Organically grown Cashew Nuts and Groundnut Oil

Our Gale Livelihood Centre located in Gale Village, Palghar, represents just one of the numerous initiatives undertaken by the Rotary Club of Bombay to transform this area into a model village.

We adopted this village during the 2022-23 period and have been consistently broadening our efforts, whether it involves ensuring water sufficiency, promoting cash crops, cultivating second crops, vegetables, fruits, and flowers, constructing toilets for every household, eliminating open defecation, rejuvenating and repairing the Ashramshalas, supplying safe drinking water through water filters, providing textbooks and uniforms to all students, and offering bicycles to secondary school girls who travel long distances to attend classes. We have also facilitated the opening of bank accounts, Aadhar card registrations, MNREGA enrollments, adult literacy classes, drip irrigation, and solar lift irrigation by establishing a 20 km water supply pipeline from the river, powered by solar panel pumps. Additionally, we have rejuvenated wells and created jal kunds for household water storage, advocated for sanitation, hygiene, and water conservation, and provided vaccinations during COVID. Our livelihood centre processes cashew nuts, extracts healthy oil from organically grown groundnuts, and has supplied machines for making patravali plates along with proper training. We have also worked on branding, packaging, and establishing market linkages for these products.

Initiated in the year 2022-23 and now under the careful guidance of Rtn Vinti Gajree and President Bimal Mehta, we are continually striving for further enhancements and activities.

The income of all residents has significantly increased, bringing joy to the community! To brighten your Diwali and that of the Gale villagers, they are offering the following products at incredible prices (both have received FSSAI registration):

- 1) Organically grown Cashew Nuts in 500 g packets - available for just ₹500 each.
- 2) Organically grown and extracted Groundnut Oil in 1-litre bottles - priced at ₹400 per bottle.

These items will be available at the RCB office. Please contact Rashmi at 9769140141 or Tanvi at 9773372002 for further assistance.

Please support and uplift these villagers by purchasing your Diwali gifts from them.

# LIGHTHOUSE KIDS GO WILD THIS DIWALI

The week-long Diwali Camp for the kindergarten children under Project Lighthouse concluded on October 16<sup>th</sup>, with great enthusiasm. Classrooms were transformed into a vibrant zoo showcasing wild, farm, and pet animals. Sr. KG children confidently spoke about their chosen animals, while Jr. KG children delighted everyone

with lively animal-themed poems. The camp featured creative art and craft sessions, engaging animal walks, and enjoyable lessons on animal sounds.

A special highlight was the visit to Byculla Zoo on October 12<sup>th</sup>, where the children experienced firsthand the world of animals they had been learning

about. The Diwali Camp successfully combined fun, creativity, and learning, leaving the young learners brimming with joy and curiosity. It was a memorable experience that nurtured both knowledge and imagination in the children, making it a truly meaningful and joyous celebration of Diwali.

# Lighthouse Children Explore Rani Baug Zoo

As part of the Lighthouse Project of the Rotary Club of Bombay, 47 primary students enjoyed an educational and fun-filled visit to Rani Baug Zoo. They were accompanied by 13 volunteer mothers and four teachers, ensuring a safe and enjoyable experience for all.

The outing perfectly complemented the children's Diwali Camp theme, 'Animals,' allowing them to witness firsthand what they had been learning in class. Their excitement was palpable as they spotted tigers, bears,

crocodiles, deer, turtles, and a variety of colourful birds, concluding with the much-loved penguin enclosure.

The Rotary Club of Bombay extends heartfelt thanks to Rtn. Chris for sponsoring this memorable Diwali gift for the children. It was a day filled with joy, discovery, and learning, reflecting the true spirit of Rotary's commitment to education, community service, and creating enriching experiences for young learners.

# DIWALI NITE FELLOWSHIP

*Hosted by the Jantias & Bhatnagars*

On Sunday, October 12<sup>th</sup>, the Jantias and Bhatnagars hosted a grand Diwali Fellowship Nite at the Vivarea E Banquet Room.

There were over 280 RSVPs, and around 235 RCB members attended with their partners, all looking beautiful in their colourful Indian attire. The mood of Deepawali was evident in the décor, designer wear, and the palpable festive energy.

The décor was exquisite, with white and pink flower arrangements highlighting the colour theme. Lotus stems stood out amidst the surrounding white flowers. The sweet-smelling mogra handcuffs offered to guests at the entrance were both a surprise and a delight. The photo booth with a diya arrangement was most apt and served as the perfect backdrop for the countless pictures taken by members throughout the evening.

Little Food Co. kept guests delighted with a lavish spread that included a grazing table, pass-around starters, and an elaborate vegetarian and non-vegetarian Indian cuisine selection. The channa kulcha and the mutton biryani were the hits of the evening.

A live vocalist accompanied by a saxophonist added extra cheer, and our ever-talented members who joined in the singing were the icing on the cake—or perhaps, the extra meetha to this Diwali celebration!

The venue offered an air-conditioned area suitable for mid-October weather, while the outdoor step-out lawns remained comfortable with coolers and fans. These spaces allowed for an evening of warm fellowship filled with chit-chat and laughter.

It was a delightful evening filled with fun, delicious food, and great company.

For the hosts, President Bimal Mehta and First Lady Aradhana Mehta, receiving the lovely feedback that evening and the following day from so many of you was truly heartening and uplifting.

The hosts—the Jantias and Bhatnagars—extend special thanks to First Lady Aradhana Mehta, Rtn. Ptn. Ushma Doshi, Rtn. Ptn. Madhavi Sanghi, Rtn. Ptn. Meghal Jhaveri, Rtn. Priya Tanna, Rtn. Rhea Bhungara, and Rtn. Akhil Sanghi for all their help, ideas, and co-ordination.

We truly missed those who couldn't attend the fellowship.
